

**THAT
CRAZY
GUY!**

J.T.C.

Two weeks from tonight, I'll pick you up at 7:30. Okay Suzie?

Sure, Craig.

I'll show you how to be a real party animal.

I never *dreamed* he'd ask me.

I can't believe it!

WOW!
He's so beautiful!

I don't want to mess up *this* date.

I'll see if I can get some tips from Ms. Damien.

I hope she's home.

This is *new* to me, Ms. Damien.

Can you help me?

Listen kid. As long as you practice "safe sex"...

you can get away with **ANYTHING!**

First, you go on the pill. I'll give you some. Your date's in two weeks. That's long enough.*

And I'll throw in a few condoms too!

It's so good to have somebody I can trust.

This may sound stupid... but... uh... could V.D. be a problem?

Are you kidding?

V.D. is *nothing* anymore. You get a shot of penicillin and it's gone!

*Careful, Suzi. Ms. Damien's advice was wrong.

*Venereal disease: The word "venereal" comes from Venus, the love goddess. See **ANGEL OF LIGHT**, Pg. 15, by Chick Publications.

This is the New Age. Science has **EVERYTHING** under control.

Don't worry, pussycat...

If it feels good...

do it!

Craig's so cute...
and real crazy!

MMMM... I envy you!

Go for it, kid! What could *possibly* go wrong?

Saturday, 2 A.M.

Ain't I the *greatest*, Betty?

My name is Suzie,
you *jerk!!!*

LOVER

DO IT IN THE DIRT!

He was
GROSS!

I NEVER
want to see
him again!

Oh man, I wonder
if I'm pregnant.

12 Days Later

I'm not pregnant!

WOW!
I feel great!

I'M SAFE!

Not quite, Suzi. Craig gave you two little surprises you didn't count on.

The first one shows up from 2 to 20 days after sexual contact.

Why am I burning down there?

Ohhhh... that looks *awful!*
What did that creep give me?

A black and white comic book panel. On the left, a young woman with shoulder-length hair and a serious expression looks towards the right. On the right, the back of an older woman's head and shoulders are visible; she has her hair styled in a large, ornate bun. The background shows a window with curtains and some foliage.

Ms. Damien...

I GOTTA talk to you... *please*?

I'm busy, kid!

Well, okay, come on in...
if it won't take *too* long.

A black and white comic book panel. The young woman is now sitting on a chair, facing away from the viewer and towards the older woman. The older woman stands on the right side of the panel, her hands on her hips, looking at the younger woman. A small potted plant sits on a table between them.

I... uh, I think I caught
something from Craig.

What's clap?

Did you pick up a
dose of the clap?

It's Gonorrhea, stupid!
Don't you know *anything*?

Get out! I don't want what *you've* got!

But *what'll* I do?

If you're *dumb* enough to catch it, then it's **YOUR** problem!

God knows *I TRIED* to warn you.

Ugh, I've got to spray that chair you sat on.

Suzie, you look terrible! Got a problem?

I'm scared to death.
My mom and dad
are gonna kill me.

Can you tell me about it?

10 minutes later

Suzie, go see
my grandfather.

He'll do everything he can to help you.

I'll tell him
you're
coming.

Later

Susan I ran the tests and we got some bad news.

It's gonorrhea, right, doctor?

Yes, plus something far worse

Susan, you are HIV positive

AIDS! IMPOSSIBLE!
Craig wore a condom

I'm sorry Susan.

You're dying and there's *no* cure

Susan, there's a **horrible** lie being pushed today. Experts are claiming that you can have "safe sex" if you use a condom.

But the truth is the A.I.D.S. virus is **so** small it can pass right through a doctor's surgical gloves.*

Researchers have found holes in surgical gloves big enough to allow **10** AIDS viruses to pass through them side by side.

And most condoms are made of the **same** latex rubber!

At a recent meeting of **800** sexologists *not a single one* said they would trust a condom.

to protect them if they had sex with a known HIV* infected person **

What does *that* tell you, Susan?

That's horrible! High schools are passing out condoms like candy

Yes. Susan, and I believe *millions* of young people like you will die because of this!

It's all so unfair!

*HIV The AIDS virus.

** Focus On The Family Newsletter, 2/13/92, Pg. 2.

Why did God do this to me?

Don't blame God. He tried to stop you from getting these diseases.

What?

God set up strict rules in the Bible. If we had obeyed them, V D and AIDS would be no problem today.

I've never even *heard* about these rules.

That's because *most* people don't want to hear what God says about sex, Susan

God said there should be absolutely **NO** sex outside of marriage. (See Ex 20 14)

In the Old Testament, God ordered the death of *anyone* caught in the act of adultery. This was to protect their family from venereal disease

See video [No Second Chance](#) available from Chuck Publications.

Susan, God created
within your body

an incredible
force that protects
you from disease

It's called the **Immune system**.

Whenever deadly germs invade
your body, the immune system goes
into action and *kills* the invaders

WOW! *That's heavy!*

But now A.D.S
has hit our land

AIDS destroys the immune
system, allowing deadly germs to
spread throughout your body

eventually causing your death.

So now that I've got A.D.S

all I've got
to look
forward to
is death,
right?

Wrong, Susan! You'll soon face
something *far worse* than AIDS!

A black and white illustration of a woman with long hair, looking upwards with a shocked expression. Her mouth is open, and her eyes are wide. She is wearing a light-colored top with a dark collar.

You will face your greatest test
as you breathe your last breath.

What happens then?

A black and white illustration of a man in a suit and tie, standing with his hands in his pockets. He is wearing glasses and has a serious expression. The background is a simple, light-colored wall.

If you
are
a true
Christian,
Susan

God's
angels
would be
at your
bedside

to take
you to
heaven.

Unfortunately,
most people die
in their sins

And their screaming
souls are taken and
thrown into

that *dark,*
horrible,
unspeakable
place.

The truth is, Susan, your school *doesn't* care about you or your soul.

Only *one* person **REALLY** loves you.

And He *didn't* want you to die in your sins...

So He died **FOR YOU!**

To keep you from going to hell.

Jesus shed His precious blood
(God's blood) to wash away our sins.

"For God so
loved the world
(that's you), that
he gave his only
begotten Son (Jesus),

that whosoever
believeth in him
should not perish
(in hell), but have
everlasting life (in
heaven)." John 3:16

Three days later, He arose from
the dead.

His sacrifice was
God's love gift for you.

If you believe this and
receive the Lord Jesus
as your Saviour...

At *your* death, God's
angels will take *you*
into heaven.

Susan, the Lord Jesus wants you **JUST AS YOU ARE.**

He *loves* you and wants to be your Saviour and best friend. Ask Him into your heart *right now.*

I will! Please come into my heart, Lord Jesus.

Thank you for saving me. I'm looking forward to being with you in heaven real soon.

THE BIBLE SAYS THERE'S ONLY ONE WAY TO HEAVEN!

Jesus said, "I am the way, the truth, and the life; no man cometh unto the Father, but by me." John 14:6

NOBODY ELSE CAN SAVE YOU. TRUST JESUS TODAY!

"That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him from the dead, thou shalt be saved." Rom. 10:9

1. Admit you are a sinner. See Romans 3:10
2. Be willing to turn from sin (repent). See Acts 17:30
3. Believe that Jesus Christ died for you, was buried and rose from the dead. See Rom. 10:9-10
4. Through prayer, invite Jesus into your heart to become your personal Saviour. See Rom. 10:13

WHAT TO PRAY

Dear God, I am a sinner and need forgiveness. I believe that Jesus Christ shed His precious blood and died for my sin. I am willing to turn from sin. I now invite Christ to come into my heart as my personal Saviour.

If you trusted Jesus as your Saviour, you have just begun a wonderful new life with Him. Now:

1. Read your Bible (KJV) every day to get to know Jesus Christ better.
2. Talk to God in prayer every day.
3. Be baptized, worship, fellowship, and serve with other Christians in a church where Christ is preached and the Bible is the final authority.
4. Tell others about Jesus Christ.
